An Overview

Our “short Information” and “complete Information” are too much for some people – they are meant for creating custom packages for clients willing to research all our options – which admittedly are very extensive. These sample packages can make total packages and bottom lines easier to grasp. “Complete” packages all include at least one custom designed coffee table album. “High Res” packages do not include albums, but do include the high res files. For much more custom photography alone without albums please refer to our “short information”. If you need help creating a custom package for you, please contact us. These prices may not reflect special discounts.
